

SUBHAN BHATTI

Computer Science Student | Full-Stack & AI Development

Lahore, Punjab, Pakistan | 0324-6100700 | subhanbhatti50134@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Computer Science student (Associate's Degree Program) at the University of Management and Technology, Lahore, combining core computer science fundamentals with applied AI and full-stack development. Proficient in Python and C++ with a strong grounding in object-oriented programming, data structures, and algorithms. Experienced in full-stack web development using Python/Flask, TypeScript/Next.js, and modern front-end technologies, with a track record of building and maintaining personal and practical projects. Currently expanding skills in Agentic AI development.

SKILLS

- Programming Languages: Python, C++
- Web Development: HTML, CSS, JavaScript, TypeScript, Next.js, Flask, REST APIs
- Databases: MySQL
- Core CS: Object-Oriented Programming (OOP), Data Structures, Algorithms, Problem Solving
- Tools & Practices: Git, GitHub, Responsive Web Design
- Currently Learning: Agentic AI Development

EXPERIENCE

C++ Programming Intern — Arch Technologies

Jan 2026 – Mar 2026

- Completed a software development internship focused on C++ programming, application development, and object-oriented design principles.
- Collaborated with team members to write, test, and debug C++ code for real-world application features.

Social Media Marketing Executive — Karachi House

Nov 2025 – Feb 2026

- Managed and executed social media marketing campaigns to grow audience engagement and brand visibility.
- Designed graphic assets for marketing campaigns using industry-standard design tools.

PROJECTS

GitHub: github.com/subhanbhatti50134-jpg

Personal Developer Portfolio

- Built and maintain a personal portfolio website showcasing development projects, featuring a dynamic project carousel and fully responsive layout.

Stream Cam

- Developed a lightweight Python application that transforms a laptop or desktop webcam into a live network camera accessible over a local network.

Saleem Nadeem Jewelers Rate Portal

- Built a web portal for viewing real-time gold and silver rates, using a Python/Flask backend and a responsive front end.

EDUCATION

Associate's Degree, Computer Science

2025 – 2027

University of Management and Technology (UMT)

Certification in Agentic AI, Computer Science

Mar 2026 – Mar 2027

PNY Trainings

Intermediate, Pre-Medical Studies

2023 – 2025

Superior College
